Cabinet Construction

Heavy duty white coated steel for cabinet interior and exterior. High quality 304 stainless steel interior floor with round edges for convenient cleaning. White coated aluminum drain pan. Insulated with 2.5" thick high density foamed-in-place polyurethane foam. Adjustable screw legs for leveling. One additional heavy duty adjustable screw leg located at bottom of front cabinet to support middle weight for models EMGR69 & EMSGR69

Refrigeration System

- Bottom mounted condensing unit
- Removable bottom grill and slide-out condensing unit for easy repair and maintenance
- Oversized condenser and evaporator coil cools to set temperature in a minimum time period and maintains it
- Environmentally friendly CFC free R-134A refrigerant
- Air defrost controlled by thermostat
- Copper tube and aluminum fin evaporator with anti-corrosive coating
- Energy efficient condensate drain pan with wicking pads
- Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P

Doors

- Black PVC door frames
- Double pane glass system with a layer of transparent thermal insulation film in between two layers

[Sliding Doors]

- Automatic self-close by weight of gravity
- Removable doors and stainless steel door tracks for easy cleaning

[Swing Doors]

- Heavy duty adjustable torsion spring self-closing door system
- One piece snap-in magnetic door gasket for easy replacement
- Heavy duty die cast door handles

Lighting

- Safety shielded vertical fluorescent interior lighting with on/off switch

Shelving

- Four epoxy coated wire shelves per section
- 304 stainless steel pilasters and shelf clips

Temperature Control

- Factory preset temperature, 35°F
- Setting temperature range from 33°F to 41°F
- Easy to set desired temperature with dial thermostat knob

Option

- 2 1/2" and 4" diameter casters (3" and 5" overall height)

Warranty

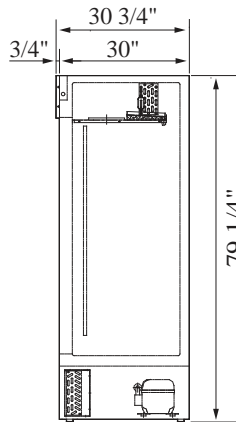

1 Year - Parts & Labor
Extra 6 Months - Parts & Labor (when returning registration card)
Additional 4 Years - Compressor
